## A high-performance loudspeaker at a cost that isn't earsplitting.

There are things in life that remain both powerful and affordable. Case in point: the JBL Arena 130 bookshelf loudspeakers. Who but JBL engineers could devise a loudspeaker where high-performance sound, high-definition imaging, and high-modernist elegance go hand-in-hand at a low price? The Arena 130's 7" (178mm) polycellulose woofer and 1" (25mm) soft dome tweeter combine to deliver standard-setting performance that's both ultra-powerful and ultra-lifelike.

## Features

- ▶ Inspired by JBL's legendary M2 Master Reference Monitor
- ▶ Signature JBL loudspeaker performance
- ▶ Understated, contemporary look and feel
- ▶ An audio powerhouse at an affordable price
- ▶ Just one part of an even more powerful system

## Inspired by JBL's legendary M2 Master Reference Monitor

High Definition Imaging (HDI) waveguide technology takes its cues from the legendary JBL M2 Master Reference Monitor. Computer-optimized driver positioning and network integration result in ideal performance and lifelike soundstage imaging proven acoustic superiority through rigorous testing and real-world evaluation.

## Signature JBL loudspeaker performance

7-inch (178mm) polycellulose woofer brings room-filling JBL sound to all your music, TV shows, movies, and console gaming. 1-inch (25mm) soft dome tweeter provides clean, powerful highs. Experience standard-setting accuracy with TV shows, movies, and games.

## Understated, contemporary look and feel

Contemporary cabinet shape with angled side and top panels provide a sophisticated, modern look. Soft-touch paint around the transducers and on the waveguide available in black and white finishes with minimalist grilles and brushed metal trims.
